

Look for the Genuine Mark on Your iPhone

Choose Quality. Choose Safety.

Only repairs with Apple Genuine Parts ensure your iPhone is restored to Apple’s performance standards. When serviced by certified providers, your iPhone’s display will show a “Genuine” indicator in Settings > General > About, guaranteeing the use of authentic Apple parts and processes.

Why Genuine Matters

Non-genuine parts risk issues like dim displays and reduced touch response. Protect your iPhone’s functionality with certified Apple repairs.

Get Genuine, Stay Protected.
